

## ***darkness into light***

**Water and fire are the opposing elements—and illuminating forces—at play in these forceful designs**

From Studio Anna Resei's New Kind of Water collection, the 12-inch-tall aluminum table lamp printed with a glitchy black-and-white wave effect investigates both the shape of water and the translation between physical and digital domains. Through Alcovia. [alcova.xyz](http://alcova.xyz); [annaroro.com](http://annaroro.com) ➤

Imperfettolab's Carbon Black, a fiberglass bench by brand cofounder Verter Turrone, captures the primal after-effect of fire-ravaged wood with its surface resembling blackened charcoal. [imperfettolab.com](http://imperfettolab.com)
